

2023 CCR FUGITIVE DUST CONTROL REPORT

LAKELAND ELECTRIC – C.D. MCINTOSH, JR. POWER PLANT

Pursuant to 40 CFR § 257.80(c), CCR Fugitive Dust Control Reports must be completed on an annual basis. Owners and operators of a CCR unit must prepare a report that includes the following:

- Description of the actions taken by the owner or operator to control CCR fugitive dust;
- Record of all citizen complaints; and
- Summary of any corrective measures taken.

Actions to Control Fugitive Dust	Record of All Citizen Complaints	Summary of Any Corrective Actions Taken
<i>Adherence to McIntosh Power Plant Coal Combustion Residuals Fugitive Dust Control Plan</i> (version certified on October 31, 2023)	None	N/A
